INTRODUCTION

Amsterdam is the city of tolerance, connection, sport, fun and culture. These are touchpoints that also apply to the World Gymnaestrada, one of the most splendid events in global sports. The Royal Dutch Gymnastics Federation and Amsterdam have joined forces to raise that event to a next level in 2023. The roots of the World Gymnaestrada lie in the Netherlands; and as far as we are concerned, it is the steppingstone to the future.

We will set ourselves apart by organising the World Gymnaestrada as a compact and well-organised event at several special locations in a vibrant city. We can offer participants a comfortable week with convenient and sustainable modes of transport, from public transport to bicycles. We will ensure the fun element by organising amazing parties and activities throughout the city. We promise you an unforgettable week in the beating heart of the Netherlands.

MESSAGE FROM THE ROYAL DUTCH GYMNASTICS FEDERATION

The first World Gymnaestrada took place in the Dutch city of Rotterdam in 1953. It is a great honour for us to host this splendid international gymnastics event again in the Netherlands seventy years later.

We are proud that the City of Amsterdam wants to collaborate with us in giving gymnastics a boost by providing a stage for this event. Amsterdam has held the World Gymnaestrada once before. This was in 1991 and was a great success. In 2023 we set a new standard for the World Gymnaestrada. We believe it is a wonderful opportunity to focus on sustainability and to introduce surprising

innovations in the field of gymnastics. We are looking forward to the 17th World Gymnaestrada, where we would be bringing together people from all over the world at the event in Amsterdam, who share the same passion for gymnastics.

All participants, visitors, volunteers and organisers, striving together to create an unforgettable event!

ABOUT WORLD GYMNAESTRADA

The World Gymnaestrada is a world-wide, non-competitive event held every four years, attracting the largest number of active participants of any gymnastic event. Participation is for everybody, regardless of gender, age, race, religion, culture, ability or social standing.

All participants practice to perform their routines at the World Gymnaestrada, but that's not the only goal. It is more about the whole experience, the festivities and a feeling of belonging. Proudly representing their countries,

adds a slight Olympic feeling to the event. Gymnastics from all over the world come together, reunited after several years, reinforcing international friendships, transcending language and culture differences.

Since the very first edition in The Netherlands in 1953, the World Gymnaestrada has travelled around the world and grown into a multicultural gymnastics festival. After 32 years, this celebration is returning to Amsterdam. It is expected to be the best and biggest World Gymnaestrada ever.

WORLD GYMNAESTRADA IS COMING HOME

The very first edition was – unsurprisingly – held in the Netherlands (Rotterdam) in 1953, under the motto 'Joy of Life in Gymnastics'. The Netherlands (Amsterdam) again hosted the World Gymnaestrada in 1991. Compared to 1953, the number of participating countries had doubled to 28 and the number of participants almost quadrupled to 19,500.

In terms of the number of participants, the

World Gymnaestrada was the second largest event held in Amsterdam, after the 1928 Olympic Games.

In 2023, exactly 70 years after the first edition of the World Gymnaestrada, Amsterdam again hopes to welcome you to this event. Faithful to the founding principles, but with a fresh and innovative interpretation for a new generation.

WORLD GYMNAESTRADA AMSTERDAM 2023

Amsterdam is a city where everybody feels at home, where tolerance flourishes and sports play a key role. The city of Amsterdam is cosmopolitan, but is typified by a compact structure and cosy, intimate character. Amsterdam lends itself well to making cultural trips and new friendships.

A week in Amsterdam will be an enriching experience for the participants of the World Gymnaestrada. The World Gymnaestrada 2023 in Amsterdam is characterised by an unequalled programme and a high level of service for the

OLYMPIC STADIUM

The Olympic Stadium in Amsterdam is a stadium with an athletics track. It is located at the Stadionplein in the western part of the Amsterdam southern district. The stadium is the iconic focus of an area that exudes sporting history and splendour on all fronts. The 1991 World

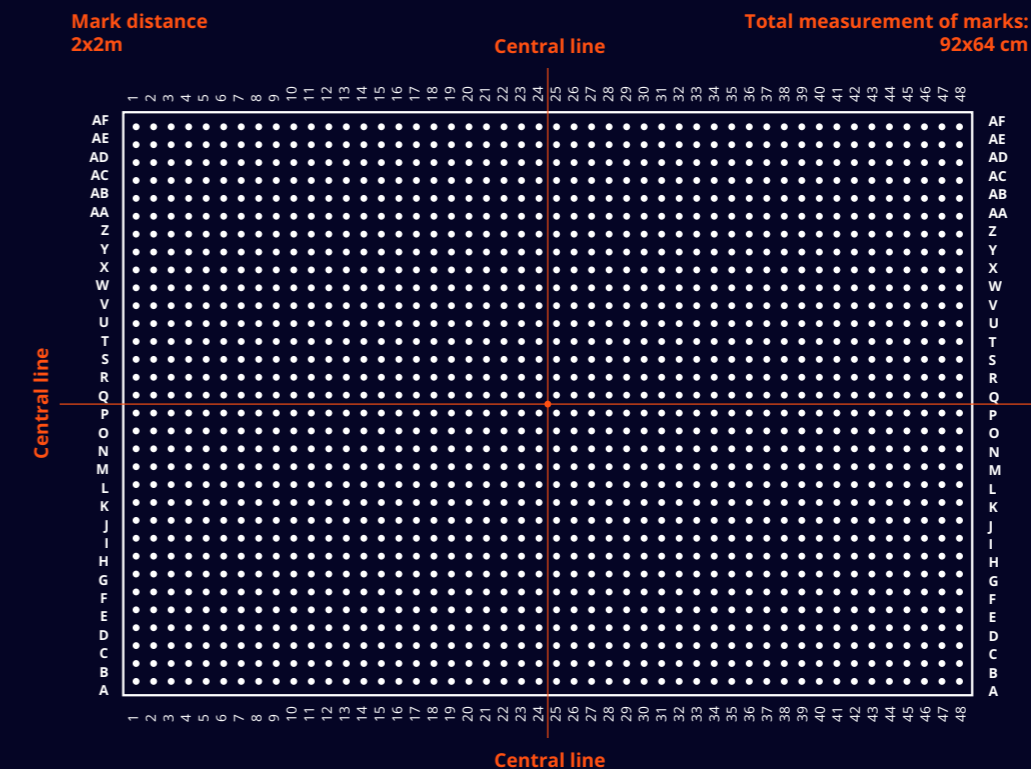

Gymnaestrada was also held in this stadium. The Olympic Stadium is the icon of Dutch Olympic sports and the right place for new inspiration. The Olympic Stadium is the location for the Opening and Closing Ceremonies and Large Group Performances.

After a tense period in the late 1990s, just before the planned demolition of the building, the status of 'national monument' was granted. The stadium was then rapidly renovated. In the year 2000 the Olympic Stadium was reopened. Now millions of visitors use the Olympic Stadium and its various facilities every year. The stadium has 22.500 seats and is jointly owned by the Olympic Stadium Foundation and Bouwinvest.

WORLD GYMNAESTRADA WEEK

OPENING CEREMONY

NEW

Location: Olympic Stadium Amsterdam

Date: Sunday, July 30th

Time: 16:00

Duration: 2 hours

Capacity spectators: 22.000

Opening Ceremony For everyone

The 17th edition of the World Gymnaestrada will be opened with a spectacular show in the unique Amsterdam Olympic Stadium. Our choreographer Janien Schipdam will work together with her creative group to design a beautiful performance with art, colours and typical Dutch traditions.

The World Gymnaestrada is for everyone and we will make the opening ceremony experience special for all participants.

With an innovative twist, the Opening Ceremony will begin 2km away from the Olympic Stadium, with a unique walking parade of all the World Gymnaestrada participants towards the Olympic Stadium. This will bring the World Gymnaestrada into the heart of Amsterdam with the streets lined with friends and fans, music and colour, celebrating our wonderful Gymnastics for All community.

Once arriving, participants will take their seats in the 22,000 capacity stadium with each federation allocated a specific area together. A small group of representatives from each delegation will enter the field to march into the stadium with the country's official flag. During the marching of the flags, each participant will have a new

opportunity to be part of the opening ceremony through performing a 30 second team song, dance or chant from their seats, together with their whole federation when their country name is announced. This will be shown on huge screens projected throughout the grandstand, with a digital link from the field to the seats welcoming every participant under loud applause, with cheers from Albania to Zimbabwe.

Federations will receive more information about this exciting new contribution to the Opening Ceremony in quarter one of 2023.

City performances

Amsterdam is a fantastic location in many ways. In the ambition to bring sport more to the people, organising City Performances is a must. We are going to place beautiful stages on three locations in the city where performances will take place from Monday through Thursday. All three stages will be covered.

It is now possible to indicate your interest in a City Performance in FLIP. In doing so, we would like to ask you to indicate which apparatus you require for your performance. Please note that there will be limited apparatus available, only at stages A and C. The final list will depend on registrations.

Location A: RAI

Inside the fences of the RAI, of course, many wonderful performances take place. We would like to place Location A on the Europaplein just before the fences of the RAI. This is to show the passing public what happens in the RAI during the week and to present the diversity of Gymnastics for All. At this location, we will also start planning performances in the evening. This venue will have most of the apparatus and a basic set for lighting and sound.

Floor dimensions will be 14x14m and minimum height 5m.

Location B: Vondelpark

In the Vondelpark, is the Vondelpark Open Air Theatre. This is an almost complete setting where we would like to have the City Performances. The Vondelpark is a beautiful green spot in the middle of the city where many tourists and residents of Amsterdam enjoy the surroundings, the perfect place to introduce people to Gymnastics for

All. This location will be used for gymnastics and dance performances, no apparatus will be available at this location. A basic set of light and sound will be available for the performances.

Floor dimensions will be 8 x 6.40m.

Location C: Olympic Stadium

For location C, we found a great spot near the Olympic Stadium, where the Opening and Closing Ceremonies and the Large Group Performances will also be held. This makes it the ideal alternative to Museumplein. At this venue, apparatus will be available for the performances and there will be a basic set of light and sound.

The dimensions of the floor will be 14x14m and the minimum height 5m.

Concept and theme

Connection and passion are the themes in which all nationalities and levels come together. Within this idea, the countries make each other's

announcements. In this way we literally connect the acts together. The main theme is 'WATER'.

Confucius said: "It is only when you row across the sea that you will discover who you really are." Only with hard work, sweat and tears can we achieve something great within sports. By traveling to and coming together in the Netherlands, the participants will also learn more about themselves and about each other.

Every athlete is, as it were, a drop or a small stream. Together they form a stronger current which becomes a river. When those rivers come together, the rivers form a sea and then an ocean. That's the metaphor for this gala. Collaboration is everything. There is no I in team. You don't have to fight the water but only need to go with the flow to get somewhere. This gala is

about participating together; it's no contest. The water purifies, washes away, cools and quenches thirst. "Hard work, sweat and tears" combined form the elixir of life.

Participating countries

In order to select groups for the FIG Gala, all FIG federation members have been requested to suggest groups. This was done with films showing the standard and quality (and information about the groups) of the groups to enable a proper selection. All presentation materials submitted should show the general abilities of the group. Unfortunately, not all groups could be accepted as the FIG Gala is choreographed show. This is the reason why a comprehensive application procedure was exercised.

WORLD TEAM

World Team

The World Team is an international Large Group Performance in which gymnasts from all over the world can take part.

What is special, is that it is not connected with any group, but all of those who participate in the World Gymnaestrada can take part, even individuals.

Instructions and information for participants will be shared [here](#). This year's choreographers are: Danique van 't Erve & Anouk van 't Erve. The group will do a performance to the music of Lady Gaga. The song 'Born this Way' symbolises 'Gymnastics for all'.

"I'm beautiful in my way, I'm on the right track, baby. I was Born This Way".

A song to eliminate prejudice against others and allow everyone to be themselves. When we think of Amsterdam, we think of a diversity of cultures. A place where everyone can be who they want to be and where inclusion is very important. At the World Gymnaestrada we can all be ourselves and appreciate the World Team.

Lady Gaga says:

"The nexus of 'Born This Way' and the soul of the record reside in this idea that you were not necessarily born in one moment. You have your entire life to birth yourself into becoming the ultimate potential vision that you see for you. Who you are when you come out of your mother's womb is not necessarily who you will become. 'Born This Way' says your birth is not finite, your birth is infinite."

Own bus/car – where to park/keep & costs

- There are multiple parking lots near the Olympic Stadium and the RAI
- Parking costs vary between €3,- – €4,50,- per hour

Parking in Amsterdam is very expensive. We also do not recommend parking your car near the schools or venues. Loading and unloading is of course possible, but for parking the car we recommend a place outside the city or in a Park and Ride location. Please find more information about what Park and Ride is, [here](#).

In Amsterdam city only ‘clean’ vehicles with minimum a Euro6 engine are allowed, this

includes the area around the Rai convention center.

VISITING AMSTERDAM

‘Amsterdammers’ (the people of Amsterdam) consider sports to be an important aspect of life, and you can play or watch sports anywhere you go in the city. From gymnastics to hockey, tennis, squash, ice hockey, basketball, swimming or track cycling; you can find any sport. Since 53% of the inhabitants play sport at least twice a week, Amsterdam is widely recognised as the sports city of The Netherlands.

The ambition of ‘The Sports City’ goes beyond everything we already do; it is about what kind of city Amsterdam wants to be. The ambition of sports city is to promote sports as a quality of the city and develop sport and exercise as an integral part of life among the people of Amsterdam. With sports and exercise interwoven in everyday life, Amsterdam is a city with an enormous diversity of sports and exercise facilities around every corner.

Besides the event itself and a day full of gymnastics activities, there is also a lot to do in the city of Amsterdam itself. The wide variety of art museums, such as the Van Gogh Museum, Rijksmuseum, Rembrandt house Museum and the Moco museum offer a comprehensive selection of different art styles. If you want to experience original Amsterdam history, we recommend the Anne Frank House where you can find out more about Anne Frank; the world most famous Jewish diarist who lived during the Second World War.

Looking for something else? Discover the world of science in the Nemo museum, learn how to make a real Heineken beer at the Heineken experience or visit Artis Zoo. If you haven’t made plenty of selfies by then, you can end your day at Madame Tussauds and have your picture taken with one of your idols.

If you want to see Holland from a different point of view (from above), 'This is Holland' offers a great experience during a drone flight over the Netherlands. Do you want more excitement? Visit the Adam Tower where you can enjoy beautiful views of Amsterdam and sit on a swing on the edge to literally swing above Amsterdam.

When you think of Amsterdam, you probably immediately think of the ring of canals. Explore these canals by taking a nice walk, renting a bike or joining one of the canal cruises along the Amsterdam's canals?

Dam Square is the heart of Amsterdam and the place the city owes its name to. The square is home to the Royal Palace, the New Church and the National Monument which commemorates the Second World War, among others. The Magna

Plaza is a lesser known monument of the city, but just as beautiful, and is hidden behind the Palace on Dam Square. The building once served as a post office, but nowadays serves as a luxurious shopping mall.

For more shopping you can visit the Nine Streets in the Jordaan. In this area there are nine streets where shopping is the main focus. Here, you will find all kinds of nice boutiques, flagship stores owned by big brands, eateries, cafes, pop-up stores and many more. It is a cosy bustle where you can find a true Amsterdam experience.

If you long for peace and quiet during your visit to Amsterdam, Vondelpark is the place to be. Vondelpark is the city park of Amsterdam and has been a national monument since 1996. During the hot summer days, many people come here for sports, picnics, barbecues or just to relax in the sun. In the Oud-West district you will find trendy cafes and boutiques, and in the industrial North you will find fantastic flea markets and vintage furniture stores. In fact, every district outside the city centre has something special to offer.

All in all, Amsterdam offers a wide variety of activities, but the Netherlands has so much more to offer. Admire the typical Dutch windmills on the Zaanse Schans and Kinderdijk or the tulips in the Keukenhof. Plenty to discover throughout the entire country!

Amsterdam is one of the greatest small cities in the world. From the Amsterdam canals to the world-famous Amsterdam museums and historical sights, Amsterdam is one of the most entertaining cities in Europe.

It is also a city of tolerance and diversity. With over 180 nationalities, Amsterdam scores well on diversity and reflects its past. In becoming the melting pot of Europe, the city set the template for modern urban life.

Amsterdam has all the advantages of a big city: rich culture, lively nightlife, high-class hotels, restaurants with international cuisines, good transport – yet it is quiet, and largely thanks to its extensive canals, has little road traffic. In this city, your destination is never far away.

TOP 5 IN AMSTERDAM

1. Half day Marken & Volendam

A lovely day out to picturesque Volendam and the beautiful Marken peninsula.

Volendam is known worldwide for its beautiful harbor and many famous Dutch artists. It is not for nothing that it is praised as the pearl of the

Zuiderzee. Not much has changed on Marken. The former island still radiates an oasis of tranquility. A walk along the drawbridges and narrow alleys shows the real charm of the peninsula.

The Wooden Shoe Factory Marken has been making unique wooden shoes on the (former) island of Marken for over 50 years. But is more than just a clog store. They have a wide range of Dutch quality products, and we ship them all around the world. Because of their many years of experience making wooden shoes, they are experts when it comes to clogs. They also have a lot of experience with other typical Dutch souvenirs. In addition to the unique clog collection, they have an extensive range of Delft blue, Dutch kitchen towels, wooden tulips and much more. Cheese Factory Volendam is an all-in-one museum

and cheese shop that offers demonstrations and cheese tastings. Do you know how cheese was discovered? Or how many liters of milk we need for 1 kg of cheese?

A visit to Woltje's Bakery in Volendam is a must for anyone who visits Volendam. Not only because there is much to experience here, but mainly because there are many good treats to be found. This bakery is no ordinary bakery, but an authentic stroopwafel bakery. In addition to the store, you will also find the bakery itself, where you can attend demonstrations. Moreover, there is a nice museum where you can go all the way back to the way people used to live. You will find the Bakery of Woltje at the harbour in Volendam, on the middle of the dike, where you will find many other interesting sights.

2. Body Worlds: The Happiness Project

BODY WORLDS Amsterdam will take you on a fascinating journey through the human body. The exhibition displays real plastinated bodies, giving you a unique peek into our anatomy and how our bodies work. This original attraction has enjoyed international success all over the world, with tours in more than 100 cities in Europe, America, Africa, and Asia. It has drawn more than 40 million visitors since it began in 1995. Are you ready for an unforgettable experience? Book a visit to the fantastic BODY WORLDS Amsterdam exhibit in Amsterdam right now!

The BODY WORLDS Amsterdam exhibitions have undergone significant changes and taken on different incarnations throughout the years. From the effects of health, sports, and diet to the anatomy of animals, BODY WORLDS Amsterdam has been reinventing itself over and over again and educating people in novel ways since its conception. The exhibitions are the creation of Dr. Gunther von Hagens, who invented the process of plastination in the University of Heidelberg in 1977. The original exhibitions have been the subject of

imitation by countless copycats, but they remain unmatched in terms of quality and innovation. The current theme in Amsterdam is named The Happiness Project and focuses on the effects of happiness on our well-being.

This exhibit has more than 200 real anatomical models on display, which will give you a greater insight into how our mood can affect our health. Discover the secrets of the body and learn about how it functions from a unique perspective. BODY WORLDS Amsterdam is an essential educational attraction and an unforgettable experience. The exhibition is within walking distance from Central Station, on the lively street Damrak.

3. The Upside Down Amsterdam

The biggest interactive museum of Europe. Surprise your brain and tickle your senses.

The Upside Down Amsterdam Museum

Is the largest, interactive Instagram museum in Europe, where you set the rules. It's a fantastic mix of a museum, an amusement park, a nightclub and the perfect backdrops. Take a journey to a whole

new dimension where you can get further than you ever imagined!

New Dutch culture

The Netherlands is known worldwide for our windmills, clogs and tulips, but we have so much more to share with the world! The Upside Down Amsterdam does not focus on traditional Dutch culture, but on our current culture. Think of everything we are proud of, such as our diversity and inclusivity, the best Dance music and our abnormal (according to some) preference for chocolate and sweets.

Get inspired

Find inspiration by stepping out of your current reality and into a new fantasy world. In this mind-blowing world, you are inspired to create, to do things you never dreamed of and to have fun. You can touch everything in the rooms and decors and go all out.

HOTELS

The LOC of the World Gymnaestrada has negotiated good prices with the hotels in Amsterdam. By booking through the LOC you will stay in one of the official World Gymnaestrada hotels.

All official World Gymnaestrada hotels are located in Amsterdam close to the venues. The hotels can be reached by public transport in less than 30 minutes.

To be eligible to book via the LOC you must book for a minimum of 8 nights (29 July – 6 August). In case of a shorter period or other dates, everyone is free to make their own booking at one of the hotels in Amsterdam.

HOTEL REQUESTS IN FLIP

Via the registration system FLIP, participants are asked to choose their accommodation (school/ hotel/ book own accommodation). When participants choose to stay in a hotel, they can also indicate their preference for room type.

The federation has to approve these requests and makes the choice for the type of hotel they will stay in according to the price categories.

This way the participants of one federation (with preference for hotel accommodation) can stay together in one hotel.

The LOC cannot guarantee that all the numbers and types of rooms can be allocated as requested. This will be done on the basis of availability. When the accommodation requests are approved by the federations, the LOC will start assigning a hotel to a federation.

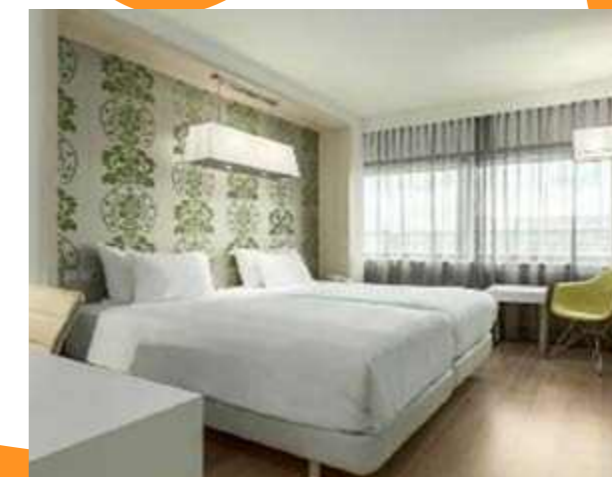

After the hotel request, the federation will receive a rooming list in which you can indicate the room type and roommates for the hotel. For special requests, please contact Hotels@wg2023.nl.

NEW

FLIP (REGISTRATION PLATFORM)

General

You as a federation have already become acquainted with the new registration system FLIP in the past year. This is where you have filled in the application, Notification of Interest and any details about performances for the FIG Gala and the National Performance.

From the start of the entire registration your account will have a lot of new additional pages.

In your account you can:

- See an overview of the entire registration
- Register staff
- Create groups
- See the cost overview

Using FLIP for registration

The FLIP platform is designed in such a way to allow the information to be filled in by

the federation, but also that the groups and participants can fill in their own information. This ensures that the work of registration does not only lie with you as a federation, but that it can be spread out more widely.

Below an explanation of the flow of all the data:

- As a federation you can create groups
- The groups can apply to you for performances
- After approval a group can create the performance and fill in the details
- Besides the performances a group can add participants and fill in some basic participant details
- The participant can then complete their data and send it back to the group for approval
- The registrations of performances and participants will appear in your environment and you can approve them

Of course, as a federation you always have control over the final registration and you can see everything that is filled in by groups and participants.

The LOC will process the registrations after approval of the federation.

Note: prices will only be listed in the federations account. A group or participant will never see this.

Note 2: We have received feedback from several federations. Please note that we take this feedback very seriously and we are currently working on several updates, such as allowing a federation to edit all data. As soon as these updates are implemented we will inform you.

Gymba

In FLIP you will find Gymba the WG2023 mascot. Gymba will give tooltips about the system in FLIP. These tooltips can be found in the system at all times to provide an explanation of the page.

Timeline

January – 2023 Deadline for definitive registration. Deposit payment for 50% of the participant cards

February – 2023 Invoices available

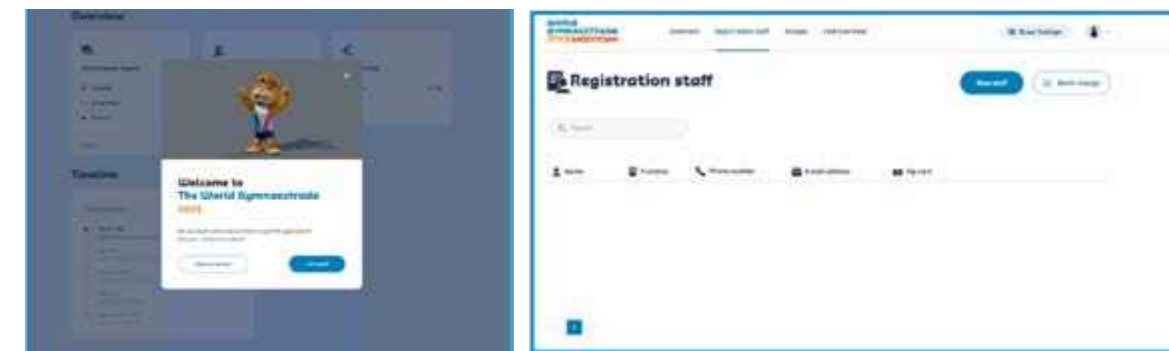

May – 2023 Deadline for full payment

Updates FLIP:

- Completed Notification of Interest information has been made visible again for federations, so they can see what they entered last year.
- ‘Special needs’ can be registered on the same page as ‘medical details’ for participants. This used to be called ‘medical details’ but has now been consolidated into ‘special needs & medical data’.
- Registration closes at the end of January 2023. After this, federations can still scale up and down in numbers by 10%. Full registration closes on 1 May 2023.
- The first payments are due early February 2023. This means federations will have to pay 50% of their participant card. By May 2023, the full payment should be made. Hotel costs will be invoiced separately and are also under a separate heading on the ‘cost overview’ page. You will receive an invoice by email.

VISA REQUIREMENTS

The majority of foreign nationals wishing to stay in the Netherlands for up to three months require a short stay visa or Schengen visa (Schengen visum). Foreign nationals from the EU, EEA (European Economic Area) or Switzerland are exempt from the visa requirement.

If you are not a national of one of the countries listed above, then you may need a short-stay Schengen visa. This allows you to stay in the Schengen area for a maximum of 90 days within a 180-day period. Please be sure to start the visa application in time as the waiting times at the visa application centres are longer due to travel increase. You can start your visa application up to 6 months in advance.

The LOC will prepare an official invitation to all countries that require it. If you need this invitation letter, please send an email to info@wg2023.nl.

We will send this letter out 6 months in advance so that visa applications can be submitted immediately.

You can use the Ministry of Foreign Affairs Schengen Visa Advisor (link: [Applying for a short-stay Schengen visa](#). Choose your country. Netherlands Worldwide) to see whether you need a visa or not.

If you already have a valid residence permit for another Schengen country, you do not need a visa for the Netherlands for up to 90 days.

SECURITY, SAFETY AND HEALTH AND SAFETY

The LOC will invite all team leaders for a digital information session on security, safety and the medical plan during the WG23, this meeting will be held 6-8 weeks prior to the event. The exact date and time will be shared in bulletin 5.

INSURANCE:

Federations

Participating FIG affiliated Federations must provide insurance coverage for all members of their delegation. The insurance must cover illness, accident and repatriation costs during the entire stay at the World Gymnaestrada. The insurance can be organised by the FIG affiliated Federations own insurance company or bought in advance or upon arrival through the LOC.

A participant without insurance will not receive a participant card and will not, therefore, be allowed to participate in the World Gymnaestrada.

MERCHANDISE

The World Gymnaestrada in Amsterdam is a once in a lifetime event that will stay in your mind forever. To contribute towards this, an extensive merchandising range is offered leading up to and during the event. So everyone can take a piece of World Gymnaestrada 2023 home with them.

Sustainability is an important aspect at Gymnaestrada and in particular merchandising. In the production of our range, we use sustainable, high-quality materials as much as possible and residual production is minimised as much as possible. In the run-up to the World Gymnaestrada, the official WG2023 online shop will be opened, where all kinds of items can be pre-ordered. All ordered items can be picked up during Gymnaestrada at a specially designated pick-up point.

During the Gymnaestrada in Amsterdam, a special merchandising booth will be set up in the expo hall that you can visit throughout the week to collect all the items and take them home with you!

VOLUNTEERS

NEW

Recruitment of volunteers for World Gymnaestrada has started!

World Gymnaestrada is made possible thanks to a great number of volunteers. During the event, many volunteers will work very hard in a wide variety of roles to make this event possible. such as team chaperones, drivers, assisting with catering, referring visitors, and assisting with performances. Our partner EventMakers coordinate volunteer recruitment, planning, training, and communication. And... volunteer recruitment has started!

Find out more information about volunteering opportunities or to sign up as a volunteer by clicking [here](#). We still need many helping hands, so your help would be greatly appreciated.

Volunteering is especially interesting if you are coming to World Gymnaestrada to watch

shows from friends and family, but you will not perform yourself. Why not also help as a volunteer and experience the event in a unique way? Also, be sure to share this link with friends, family and acquaintances who might enjoy helping make this great event a success!

THE NETHERLANDS WELCOME YOU

"There is nothing more beautiful than to show our collective passion to the rest of the world"
Marina (53 years), Ilse (20 years) and Grandma Riet

"During the World Gymnaestrada, it feels like we are all part of one big family"
Henk Krols, 63 years

Marina (53 years), Ilse (20 years) and Grandma Riet

What is the World Gymnaestrada to you, and why do you love it?

There is nothing more beautiful than to show our collective passion to the rest of the world. Together with so many people from so many different countries, we all have one goal: To show everybody how proud we are of our sport. That the level doesn't matter, and having fun is most important.

What makes you proud that the World Gymnaestrada is coming to the Netherlands/ Amsterdam in 2023?

To finally show the rest of the world where the World Gymnaestrada was born!!! The World Gymnaestrada originated in the Netherlands and spread to the rest of the world. We are pleased to be able to show what our small country is capable of.

Why should everyone come to Amsterdam?

Gymnasts from the Netherlands, please come to Amsterdam! Now is your chance to show off your passion. It doesn't matter whether you have talent or no talent, whether you are young or old, we all love the same sport and have an opportunity to do this together. There is no discrimination between ability, colour or age. Together, we live the most beautiful moments through our sport.

Henk Krols, 63 years

What is the World Gymnaestrada to you, and why do you love it?

For me, the World Gymnaestrada is an active gymnastics holiday for the entire family. I'd love to participate in a jumping demo with my sons and enjoy all the gymnastics demonstrations.

During the World Gymnaestrada, it feels like we are all part of one big family, all participants have the same goal: to be active, show off what you can do, to meet gymnastic friends from all

over the world in solidarity. And, of course, going home with a lot of great memories and souvenirs, (especially clothing from other countries).

What makes you proud that the World Gymnaestrada is coming to the Netherlands/ Amsterdam in 2023?

In 1991, I got infected with the World Gymnaestrada-virus in Amsterdam, which I have passed on to my children. Since that time, I haven't skipped one World Gymnaestrada and, for me, the circle is completed in 2023. I hope I can still show some back-flips by then.

Why should everyone come to Amsterdam?

Amsterdam is well known for its hospitality, and with this unique gymnastics event many people can be introduced to this amazing gymnastics party. For many members of the Dutch Federation it is a unique opportunity to see it up close, and to have fun. It will be the beginning of a positive momentum for the movement, for young and old alike. No vaccine is needed for the World Gymnaestrada-virus!
